

Brainerd Lakes Chapter
Fishing has no boundaries®
For Anglers With Disabilities

August 27-28, 2010
Confidence Learning Center

The Brainerd Lakes Chapter of Fishing Has No Boundaries is in our 8th year of operation and is once again based at the Confidence Learning Center on Sylvan Lake. We have served over 600 anglers with disabilities since we began our chapter in 2003. We expect 120 anglers at our 2010 event on August 27-28.

Fishing Has No Boundaries is a "people helping people" event opening the great outdoors to persons with disabilities. Please consider making a donation to our chapter and/or volunteering to help with our event. Maybe you have a family member or friend with a disability. This would be a great way to help support them and our organization.

Visit our website at www.BrainerdLakesFHNB.org for complete information as well as photos from our past events. Our email address is FHNB@comcast.net

Thanks for your support of this great event!
